

SAVING OUR ENVIRONMENT

Our environment is in trouble. Our way of life and industries are (1) it. Most people think there is nothing they can do. This is not true. Everyone can do something to help (2) our environment. Here's a list of things you can do:

- cut (3) by using public transport
- buy (4) products that have not been treated with pesticides
- (5) all your cans, bottles and paper. Take everything you can to a (6) centre. There should be one near your home.

OUR ENVIRONMENT

During the last hundred year we have done great (1) to the environment. There are too many factories which pollute water with (2). The governments are very worried about the (3) of rivers and beaches.

A lot of household (4) can be recycled and (5). There aren't enough recycling (6).

Government must take measures which will reduce greenhouse gas (7).

There are lots of things we can all do to (8) the environment.

DO SOMETHING!

Make sure your car runs on (1) petrol and your house uses sources of (2) energy.

Use (3) transport instead of taking your car. Take glass, paper and plastic to a (4) point. Take your empty bottles to a bottle (5).

Buy (6) friendly products whenever possible.
